Lester and Mike,

Attached is the December 2012 statement for The Trust of Allen Eber from Canandaigua Bank. It values Eber Bros stock at approximately \$655,000, it should be zero per our conversation in June with Rick Hawks.

Regards,
Wendy

I have a copy of the third quarter statement from CNB. I spoke with Richard Hawks and suggested that we, as co trustees, have a telephone conference at a time convenient for the three of us. Give me a call on Monday as a time convenient for you. We can go over some points before speaking with Hawks. Refresh my understanding. If there was any value to the Eber Bros. "A" and "B" and Preferred it would vest in Lester as set forth in the loans to the company and the subs which Lester has made. The subject I would like to review with the two of you is whether the family would have a problem should the stock be stated at its true value. There would be a capital loss which could be used to off set any gains which might be recognized in the other Trust holdings. Let's talk next week. I'm clear Monday and Tuesday

Best to you
both, Mike
